

Welcome

Welcome.

Ma Ma Creek State School, 125 years young, welcomes you.

Ma Ma Creek State School is a two teacher school situated in the sleepy hamlet of Ma Ma Creek Village. The area is a mainly rural area, but the school community is made of folk with many and varied interests.

The school is a vibrant well-resourced one with an excellent staff to student ratio.

We have ample computers to meet our needs and plenty of technology to help prepare students for living in the 21st Century.

The school also has rich heritage, with strong community support over its 125 years.

Enjoy

Richard Amos,

Principal
