Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Releasing Teacher Aides to undertake professional development in the areas of Reading and Words Their Way Spelling as well as allowing explicit planning to take place in these areas.
- Collecting and tracking data to identify student learning difficulties in order to plan effective learning episodes.
- Implementing the Early Start testing material for all Prep students.
- We achieved our target of having 100% of our Year 5 students exceed the National Minimum Standard in Reading.
- Developing a set of short, medium and long term goals and a cycle of review that provides opportunities for analysis of data and a review of strategies.
- Better preparing and supporting Teacher Aides to consolidate student learning in numeracy and literacy.
- Providing focused and intensive teaching for students requiring additional support to demonstrate achievement against the year level achievement standards.
